BRIEF ABSTRACT OF LETTER.

Requests that a Supdt. of Police may be deputed solely for work in connection with the registration &c of criminal gangs for a period of six months and that he may be given a staff of 3 Inspectors, 2 clerks & six constables.

NOTES AND ORDERS.

A census of criminal gangs was taken in 1907 & 08 and the necessary registers were prepared thereon. A temporary establishment was sanctioned for this purpose & continued for about 1 year & 3 months. Govt. were then given to understand

that the work then done could form a workable basis on which future gang registers should be written up. It seems thereafter that the registers &c then prepared are expected to be up to date the variations in the composition of gangs, &c. being entered in them from time to time by the authorities concerned. If this be so, the necessity for starting the work afresh and for a special establishment therefor is not clear.

2) The D. G. proposes that temporary staff of 3 Inspectors, 2 clerks & 6 constables may be entertained for a period of six months. This establishment is to work under a Supdt. of Police deputed for the purpose. It is stated that if once the registers are brought up to date, the Dt. Officers will be able to note down variations in them as they occur.

3) The cost of the establishment comes to Rs 223 per mensem besides the travelling or other incidental expenditure if any. To this should be added the salary & allowances of an asstt. Comr. who is to supervise the work.

4) As the proposal involves

and which have only to be brought up to date. The C.I.D., as it is now, has a very limited staff, and unless it is strengthened by additional hands, at least temporarily, it may not be able to cope with the work. In this a great deal of this special work has to be done in cooperation with the D.C. Though the full staff proposed by the D.G. may not be quite necessary in view of the work already done, some additional staff seems necessary.

To

D. M. NARASINGA RAO, ESQ., B.A., B.L.,
Officiating Secretary to the Government of
His Highness the Maharaja of Mysore,
General Department.

Sir,

With reference to the Bill for the registration, surveillance and control of Criminal Tribes in Mysore, which has recently been passed by the Select Committee of the Legislative Council, and which is likely to come on the Statute Books presently, I have the honor to state that the Criminal Tribes Act having been in force in the neighbouring British Presidencies and in the Dominions of His Highness the Nizam of Hyderabad, the registration of gangs in those Provinces have been going on for some time and is now nearing completion. Many of their supernumeraries, however, have taken advantage of the non-existence of a similar law in Mysore, and have migrated into the State and joined the local criminal gangs, swelling their numbers considerably and rendering the work of their surveillance very complicated and difficult.

2. A list of the important criminal gangs in the State was prepared some years ago, but without any effective provision for the control of their movements till now, many of their members have wandered away here and there, and many more of dangerous characters from outside have taken shelter with them. With the enactment of the present Bill into law, elaborate enquiries will be necessa

Requesting sanction to the appointment of a Superintendent and a temporary staff under him for six months at a cost of Rs.1,33[illegible]/- in connection with the passing of Criminal Tribes Act into Mysore State.

regarding the antecedents, modes of life &c of such individual members of these gangs, whose number even about 8 years ago exceeded 14,000. The finger prints of all of them have to be taken, and a register in proper form maintained. All this work would need a very careful and searching handling of the subject by a competent, superior whole-timed officer, with an adequate staff, so that the work can go on briskly and without interruption simultaneously in two or three Districts at a time, so that there may be an effective round-up of as many members of the gangs in their respective residences as possible - Such work is being carried on elsewhere by large C.I.D. and special establishments, with a Deputy Inspector General of Police at their head.

3. The present strength of our C.I.D., which was recently curtailed by one Inspector and one Jamedar, consists of only two Inspectors and one Jamedar, and with their usual duties, the establishment will not be able to take up any appreciable portion of the extra duties involved by the new Act, and stress of circumstances referred to above. I therefore request that a Superintendent of Police may be deputed solely for this duty for a period of six months, and a temporary staff as detailed in the margin sanctioned for a like period for duty under him, in addition to the permanent staff of the C.I.D. who will also be deputed to render as much assistance as they could. The last class of Inspectors is suggested to keep down the expenditure. They will be employed for routine work, senior and competent Inspectors from the Taluks being put on for the special duty.

4. Once the registers are brought to current, they will be transferred to their respective Districts, and it will not be difficult thereafter for the District Officers and the C.I.D. to note down the variations from time to time. In this connection the Establishment of the Finger Print Bureau will have also to be strengthened, about which,

however, a separate reference will be submitted on its own merits, presently.

5. As the matter is very urgent, I request that you may be so good as to obtain the early sanction of Government to these proposals, the extra cost which is so small compared to the protective value resulting from these incalculable preventive measures, being met from the general savings in the current year's Budget.

Sir,

With reference to your letter no. 688-62 dated the 6th August 1916 regarding sanction to the temporary establishment of one Supdt., 3 Inspectors, 2 Clerks and six constables for work in connection with the registration of criminal gangs I am directed to observe that in British India it is the C.I.D. that registers the members of criminal gangs, takes their finger

impressions and prepare their history sheets. So far as our State is concerned we have already registers which were prepared a few years ago and which have only to be brought up to date. I am, therefore, to request you to be so good as to state why the C.I.D whose primary duty it is to collect information regarding organised crime should not take up this work with ~~their present~~ a small ~~staff or else their entire staff with~~ a temporary addition to its strength of, say, one Inspector, one clerk and two constables and why as ~~was~~ a separate Police Suptd. is necessary in addition to your Office Asst. who is in charge of the Dept. The services of the Finger Print Establishment ~~from which~~ may be also utilised in taking finger impressions.

Sir,

With reference to your letter No. J. 923/Police 28-16-2 dated the 7th instant, regarding the temporary establishment required for work in connection with the registration of criminal gangs, I have the honor to state that as in British India, even here I am getting the C.I.D. to take the needful steps to get the members of criminal gangs, registered etc. But the C.I.D. Establishments in those provinces are on an elaborate scale, which can afford to depute, their members for such as well as other ordinary duties devolving on them.

2. We started our C.I.D. with three Inspectors and two Jamedars, but in 1913, the Establishment was curtailed to two Inspectors and only one Jamedar, and these three officers have since then, their hands full of work of an intricate and delicate nature and hardly find spare time even to handle cases outside, and whenever I send any of them out, the work in the Office suffers. The list of gangs prepared some years ago is now not of much value, the recent expansion of works etc in the State having stimulated to a considerable degree the

influx of bad characters from the other Provinces or States, besides many of the members of the old gangs having also escaped therefrom. I have explained in paragraphs 2 and 3 of my letter No. 688/62 dated the 6th August 1916, the situation and the reasons for additional establishment. In fact, this work has to be begun afresh, and it has to be done almost simultaneously in all the Districts where large numbers of gangs have been working, somewhat in the same manner as a census, to prevent members of gangs getting mixed up or double registrations etc of the same individuals, if the registration is taken up District after District.

3. The services of the Establishment of the Finger Print Bureau cannot also be conveniently spared for this work, as continuous absence of the only two officers (an Inspector and a Jamedar) from there for over a few days will inevitably result in the work of the Bureau falling into heavy arrears, as has already been the case in practice whenever the Inspector has had to go to Courts to give expert evidence etc. There is heavy work there, and I have also submitted a reference to Government to augment this Establishment also, to cope with the demands on it, both from the Bureaus in British India and from our own Districts.

4. One officer from the existing C.I.D. Establishment can be spared at a time for this temporary work, after the completion of which, the registers etc will be transferred to the C.I.D. Branch and the Districts, as stated in paragraph 4 of my letter referred to above, for further action.

5. The Superintendent required may be the officer I have been asking for the Railways and C.I.D. The other establishment recommended, viz. 3 Inspectors, 2 clerks and 6 constables, would, seem to be indispensable, for the reas herein explained and I therefore request that you may be good as to obtain the sanction of Government for entertai

them, as early as possible.

I have the honor to be,
